TOUR OVERVIEW

July 1600 USD
7 night tour in Mongolia

SUMMARY

A short adventure for those who wish to see the great Gobi Desert in a short space of time.

During this short but intensive tour, we delve deep into the Gobi Desert and become true explorers. Our first stop is at Mandalagovi. This desert town was once home to factories during the Soviet Union period.

Heading further south, we will check out the Yol Am Valley. This is located in the Gurvan Saikhan Mountain range. Before setting off on our hike, we will pay a visit to the small local natural history museum which includes strange exhibits and 10 million-year-old dinosaur eggs.

During this Gobi Desert tour, we also visit the Khongor Sand Dunes, also known as the 'Singing Dunes' for the eerie noise they make when swept by the wind, as well as visiting Bayanzag. This is otherwise known as 'Flaming Cliff's due to the rich red colouration of the clays and rocks which have been pushed up to form this landscape.

All this, whilst checking out the herds of camels as we go, hiking through untouched and unexplored areas, enjoying breathtaking sunrises, and experiencing life in a Mongolian tent/ Mongolia Ger.

Alternatively, it can be added to the 'Beyond the Steppes Tour' for an even bigger adventure.

SAFETY

At Koryo Tours our main priority (besides tour enjoyment) is your and the group's safety. Into the Gobi Desert

We start our adventure early as we have a long drive south towards the Gobi Desert. On the journey, we will see the lush green rolling hills of UB open up to the semi-arid middle Gobi region.

For lunch, we will stop at a local restaurant in the regional capital Mandalagovi. This desert town was once home to factories during the Soviet Union period and now survives mostly on farming and the local farming college.

Continuing the drive southwards we see more signs of desertification, as well as herds of camels roaming the desolate desert plains.

Just as we cross from the Middle Gobi Region to the south, we turn to our destination for today - the White Stupa Cliffs, a rocky area of Tsagaan Suvarga National Park. The White Stupa Cliffs are so named as this massive feature is said from a distance to resemble a deserted city surrounded by crumbling white pagodas. In truth, its 60 meter high cliffs have been eroded by the winds and rain over 10 million years.

The dunes stretch from the Gobi all the way to the Altai Mountain Range some 180 km away.

We arrive in time for our afternoon tea with a local nomadic family. When the heat of the afternoon has passed, we start our late afternoon camel riding to the base of the highest dunes. It is named 'Flaming Cliffs' due to the rich red colouration of the clays and rocks which have been pushed up to form this landscape.

We will spend some time enjoying this Mongolian grand canyon, taking photos whilst enjoying some short hiking. If you are lucky and do discover a fossil, don't forget these must now be declared.

Single supplement is 55 USD per person: This will guarantee you a single room option in our hotel stay and camping. Whilst in the ger camp you may still be sharing.

FOOD

Most meals are included in this tour although there is time allowed in Ulaanbaatar for your own exploration. Your tour guide will be able to advice on the options when you arrive.

DIETRY REQUIREMENTS

Vegetarian food choices can be very limited once we leave Ulaanbaatar, although the chefs in the ger camps may be able to take special dietary requirements into account on the tour. If you have any special dietary requirements, please make sure that you let us know in advance.

In this region the availability of certain specialized products for restricted diets, e.g. gluten-free or dairy-free is minimal or non-existent. As such we would strongly recommend you bring these dietary items if you need them.

TRANSPORT

All ground transport and domestic flights are included in this tour.

We use a mixture of vehicles: in Ulaanbaatar we will utilise larger private buses, and when we travel in the countryside, 4x4s are the vehicle of choice. Due to the nature of the adventure there will be long and sometimes bumpy drives. We will break these up where possible.

VISAS

Many nationalities still require a visa for a visit to Mongolia. Please do not hesitate to contact your tour manager to see if this is the case.

The application process for a Mongolia visa is quite simple; you can apply for a visa yourself at your nearest Mongolian embassy. You will need to fill out an application form and submit one or two passport photos along with your passport. At times you may be required to provide proof of a tour booking with a Mongolian travel company. We can of course send this if required.

The Experts in Travel to Rather Unusual Destinations.

PACKING

Generally speaking, we recommend you pack as lightly as possible and make sure that you are able to carry and lift your own luggage and walk with it for short distances.

Most travellers carry their luggage in a backpack or wheeled luggage, although an overnight bag with a shoulder strap would suffice if you travel lightly. Smaller bags or backpacks with wheels are convenient. A lockable bag or small padlock is useful as your luggage may get stowed separately and unattended while out and about.

ESSENTIALS

In addition to your 'normal' daily clothes, you will need the following essential items:

- Day pack — for carrying essentials when exploring destinations like water, camera, snacks, jacket, etc.
- Walking shoes or boots are essential
- Sun protection— hat, strong sunscreen, sunglasses, and lip balm.
- Mosquito repellent
- Rain jacket
- Soap and Shampoo
- Water bottle — we recommend a 1.5-liter capacity for which we can provide potable water. Bottled water is also available but we prefer to use safe drinking water rather than contribute to polluting the environment.

- One main piece of lockable baggage — Internal flights in Mongolia are subject to weight limits of 10kg (checked in luggage) + 5kg (hand luggage) and extra weight costs \$2/kg.

While not valid, a photocopy makes it very much easier to obtain replacements if necessary.

CURRENCY

The official currency of Mongolia is the Tugreg. Mongolia is a mainly cash economy with most small businesses and shops unable to take credit card. Only change money at officially authorized currency exchanges; these are often found at banks, hotels and shopping malls. There are ATMs in Ulaanbaatar and other larger towns, but none in rural areas and they may not always accept foreign cards or have enough cash to dispense. US dollars are the most widely accepted foreign currency; other currencies such as Euros, UK sterling, Russian Rubles, and Chinese Renminbi can be exchanged in Ulaanbaatar.

TRAVELLING ON A GROUP TRIP

As you travel on a group trip you will be exposed to all the pleasures and maybe some of the frustrations of travelling together. Your fellow travellers will probably come from all corners of the world and likely a range of age groups too.

We ask you to be understanding of the various needs and preferences of your group — patience with your fellow travellers is sometimes required for the benefit of everyone's travel experience. Remember too that you have responsibilities to the group. If you are requested to be at a place at a certain time, ensure that you don't keep the rest of the group waiting.

We have found time and time again that the very best trips we operate are those where the dynamics within the group work well — this takes just a little effort on your part.

Due to privacy reasons we are unable to provide you with contact details and any personal information about your fellow travellers booked on your trip prior to departure.
